  - to the plan where the person is covered as an active full-time employee.
  - then, to the plan where they are covered as an active part-time employee.

- Then, to the plan where they are covered under a student health or dental plan through their educational institution.
- Then, to the plan of whichever parent has the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.

When you send us a claim, you must tell us about all other equivalent coverage that you or your dependents have.

# Dental Care

## Insurer

This benefit is insured by Canadian Premier Life Insurance Company (Securian Canada).

## General description of the coverage

In this section, *you* means the member and all dependents covered for Dental Care benefits.

To qualify for this coverage, you must be entitled to benefits under the Extended Health Care benefit at time of application.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and an anesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable and customary charges**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term fee guide may also mean an adjusted fee guide established by Securian Canada.

*Reasonable and customary charges mean:*

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and
- charges of a reasonable frequency and duration, as determined by Securian Canada.

We will base payments on the fee guide at the time the person receives the treatment.

To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

### If you receive any temporary dental service

It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.

### Claiming when the expense is incurred

You must claim an expense for the benefit year in which you incur the expense.

The benefit year is indicated in the Benefit Summary.

You incur an expense on the date your dentist performs a single appointment procedure.

For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this certificate for information about when and how to make a claim.

### Reimbursement level

Claims will be paid up to the reimbursement level under this plan.

For each type of service listed below, the reimbursement level is indicated in the Benefit Summary.

### Maximum benefit

Maximums are indicated in the Benefit Summary.

<b>Restriction on payments</b>	If you apply for coverage either for yourself or your dependents more than 60 days after becoming eligible, the maximum amount we will pay is the <i>late applicant maximum</i> indicated in the Benefit Summary.
<b>Getting an estimate before you have certain procedures</b>	<p>For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:</p> <ul style="list-style-type: none"> <li>• you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost.</li> <li>• both you and the dentist will have to complete parts of the claim form.</li> <li>• we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.</li> </ul>

## In a medical emergency

If **you** have a **medical emergency**, **you** or someone on **your** behalf must notify the Company's ETA provider within 24 hours of admission to a **hospital** and before any surgery is performed.

If **you** do not contact the Company's ETA provider within 24 hours without reasonable cause, then the **insurer** will pay 80% of the claim payable. **You** will be responsible for the remaining 20% of the claim payable as well as any expenses that are not payable by the **insurer**.

The Company's ETA provider is available 24 hours a day, 365 days a year and can be reached by calling:

**Toll-free:** 1-888-852-2419

When **you** call, **you** will need:

- Certificate number (ID#) on **your** Benefits Card
- Government health insurance plan number
- The Company's ETA provider identification number (ID#) 140011

**Your** well-being is the first priority. The Company's ETA provider health care professionals will evaluate **you** and **your** condition and will refer **you** to the nearest **physician**, pharmacist, dentist or medical facility that can provide appropriate care for **you**. If **you** are hospitalized, the Company's ETA provider medical staff will monitor the care and the services provided. They will consult, as often as necessary, with **you**, **your** treating **physician(s)**, **your** family and **your physician(s)** in Canada.

Coverage, however, will remain in effect for unrelated emergencies.

## The claims process

The Company's ETA provider will provide **you** with the necessary claim forms to begin the claims process. The Company's ETA provider will request medical records from **your physicians** in Canada to determine whether the **medical emergency** is **sudden and unforeseen** according to **PPAO** Group Insurance Out-of-Province/Canada Travel certificate. Obtaining this information takes time and in some cases months. **You** may want to consider contacting **your physician** to expedite the process. **You** will need to submit itemized receipts and bills for eligible out-of-pocket expenses **you** may have incurred.

NOTE: All forms and receipts relating directly to Out-of-Province/Country claims should be sent to the Company's ETA provider.

All claims will be reviewed and are subject to the terms and conditions of the certificate and verification of coverage. Approval of a procedure does not guarantee payment. If Securian Canada's ETA provider makes payments that are not eligible for reimbursement, they have the right to recover the excess amount from **you**.

### Proof of departure

In the event of a claim, the Company's ETA provider will require proof that **you** were in **your** province of residence the day of or the day before the **departure date**. The proof must confirm the date that **you** were in **your** province of residence and not the date **you** arrived at **your** destination. If **you** are travelling with **your** spouse and/or eligible dependent(s), each insured person must retain their own proof of departure.

Proof of departure can take any form as long as it shows:
